

Happy Summer from Nashoba Valley Technical High School!

Below are events that are offered to all incoming freshmen students and their mentors free of charge. Space for these events is limited and RSVP's are required in order to attend these trips.

To RSVP, please check the event(s) that your child would like to attend and sign your name to the bottom of this form to give permission to attend. Please also be aware that your signature gives permission for the instructors/chaperones to act as the parent in the event of a medical emergency.

As part of these events, we will use school vans and buses to drive students. The named student must have a signed release from his/her parent or guardian in order for him/her to participate in this beach day experience. This permission form must accompany the student upon arrival or can be emailed before the date of the event to Kcallahan@nashobatech.net.

Please check all that apply:
